

## Cost Transparency Document

### **Translation Disclaimer**

This document is a translation into English of the original document. This translation is provided solely for the convenience of English-speaking readers and is in no way binding. The German version is the only prevailing and binding version. Neither Bitpanda Financial Services GmbH nor any other party can be made liable for error or ambiguity deriving from the English translation.

Bitpanda Financial Services GmbH publishes the costs for the offered investment service "Acceptance and transmission of orders in relation to A-Token". For more information on the A-Token, Financial Services refers to the documents available for download on the asset pages on the Bitpanda platform. The costs are levied by Bitpanda GmbH and are valid from April 2021. For sufficient clarity on the cost structure, examples were also included in the document. Bitpanda reserves the right to apply more favourable conditions short and long term due to promotions for A-Token in general or for individual assets. It is explicitly pointed out that higher costs are incurred to cover the increased liquidity costs during weekend and overnight hours. In addition, the different spreads charged by the price information service provider are pointed out. All prices, rates and other information relevant for the price calculation are provided by the price information service provider. In each case, the most recently available price of the price information service provider shall be used by Bitpanda. Bitpanda's primary price information service provider is Lang & Schwarz Tradecenter AG & Co. KG (L&S).

The total price shown in the summary on the platform, where it is also stated "incl. spread", is therefore understood to be the sum of the price incl. spread from the price information service provider and the Bitpanda spread. The Bitpanda Spread corresponds as an umbrella term to the Bitpanda Day Spread (regular hours) or the Bitpanda Night Spread (weekend and overnight hours).

The following trading hours apply as "regular hours" for the cost calculations: Monday - Friday: 08:30 - 22:00 (CEST). At regular hours, the Bitpanda Day Spread is charged. Outside of these regular hours, thus daily after 22:00 until before 08:30 as well as all day on Saturdays, Sundays and public holidays, the conditions described below as "at weekend and overnight hours" apply. At these times the Bitpanda Night Spread is charged.

Bitpanda Day Spread in EUR	0,50	0,50

### Bitpanda Night Spread during „Weekend and Overnight Hours“

1.4	Spread	Difference between purchase and return price of the price information service provider

### Bitpanda Night Spread during „Weekend and Overnight Hours“

	Return Prices	Purchase Price
Price received	100,00	100,20
<i>Spread included (total)</i>	0,20 <sup>9</sup>	0,20
plus Bitpanda Spread (Bitpanda Night Spread)	0,10 <sup>10</sup>	0,10
<i>Double Spread (respectively)</i>	0,10 <sup>10</sup>	0,10
Price incl. double Spread	99,90	100,30
<i>plus 0,5%</i>	0,50 <sup>11</sup>	0,50
<b>Total Price / Applicable Rate</b>	<b>99,40</b>	<b>100,80</b>
Bitpanda Night Spread in EUR	0,60 <sup>12</sup>	0,60

<sup>1</sup> All prices in EUR, unless otherwise stated.

<sup>2</sup> Return / Purchase price x 0,005.

<sup>3</sup> Purchase Price x 1,005 (1+0,05%); Return price x 0,995 (1 - 0,005).

<sup>4</sup> 100 x 0,005.

<sup>5</sup> 100,20 x 0,005.

<sup>6</sup> Doubling of spread = surcharge of max (([Spread acc. to 1.1]/2; 1.5%) - 1.5% per side, hence upper limit 3%.

<sup>7</sup> Purchase price incl. double Spread x 0,005; Return price incl. double Spread x 0,05.

<sup>8</sup> Purchase price incl. double Spread x 1,005 (1+0,5%); Return price incl. double Spread x 0,995 (1-0,5%).

<sup>9</sup> Purchase price minus return price; 100,20-100 (in total 0,20 Spread).

<sup>10</sup> Spread acc. to 1.2 (0.20)/2 --> 0.1; 1.5% of 100 would be 1.5 € - thus below the upper limit.

<sup>11</sup> 99,90 x 0,005.

<sup>12</sup> Return price minus total price; 100.00-99.40 = Bitpanda Night Spread.

**Bitpanda Night Spread during „Weekend and Overnight Hours“**

<i>Double Spread (respectively)</i>	<i>1,00</i>	<i>1,00</i>
Price incl. double Spread	42,36 <sup>13</sup>	45,68 <sup>14</sup>
<i>plus 0,5%</i>	<i>0,18<sup>15</sup></i>	<i>0,22<sup>16</sup></i>
<b>Total Price / Applicable Rate</b>	<b>42,14</b>	<b>45,90</b>
Bitpanda Night Spread in EUR	0,86	0,90

Financial Services also informs its customers of the "standard market fees" collected by the WKO (Austrian Economic Chamber) and published by the FMA (available at the following [Link](#), as of 01.03.2021).

<sup>13</sup> Upper limit 1.5% of 43.00 = 0.64; 1.00 would be greater than upper limit - thus upper limit (0.64)

<sup>14</sup> Upper limit 1.5% of 45 = 0.68; 1.00 would be greater than upper limit - thus upper limit (0.68).

<sup>15</sup> 42,36 x 0,005.

<sup>16</sup> 45,68 x 0,005.
